

2022/2023 New Laws

The following New Laws have been adopted for the upcoming season and come into place from 1st October 2022.

Law 1 – Replacement players

The introduction of a new clause, Law 1.3, explains that replacements are to be treated as if they were the player they replaced, inheriting any sanctions or dismissals that player has done in that match.

Law 18 – Batters returning when Caught

First trialled by the ECB in The Hundred at the suggestion of MCC, Law 18.11 has now been changed so that, when a batter is out Caught, the new batter shall come in at the end the striker was at, i.e. to face the next ball (unless it is the end of an over).

Law 20.4.2.12 – Dead ball

The new edition sees several changes to the Dead ball Law, the most significant of which is the calling of Dead ball if either side is disadvantaged by a person, animal or other object within the field of play.

From a pitch invader to a dog running onto the field, sometimes there is outside interference – if this is the case, and it has a material impact on the game, the umpires will call and signal Dead ball.

Law 21.4 – Bowler throwing towards striker's end before delivery

If a bowler throws the ball in an attempt to run out the striker before entering their delivery stride, it will now be Dead ball. This is an extremely rare scenario, which has until now been called as a No ball.

Law 22.1 – Judging a Wide

In the modern game, batters are, more than ever, moving laterally around the crease before the ball is bowled.

It was felt unfair that a delivery might be called 'Wide' if it passes where the batter had stood as the bowler entered his/her delivery stride. Therefore, Law 22.1 has been amended so that a Wide will apply to where the batter is standing, where the striker has stood at any point since the bowler began their run up, and which would also have passed wide of the striker in a normal batting position.

Law 38.3 – moving the running out of the non-striker

Law 41.16 – running out the non-striker – has been moved from Law 41 (Unfair play) to Law 38 (Run out).

The wording of the Law remains the same.

Law 41.3 – No saliva

When cricket resumed following the onset of Covid-19, playing conditions were written in most forms of the game stating that applying saliva to the ball was no longer permitted.

MCC's research found that this had little or no impact on the amount of swing the bowlers were getting. Players were using sweat to polish the ball, and this was equally effective.

The new Laws will not permit the use of saliva on the ball, which also removes any grey areas of fielders eating sugary sweets to alter their saliva to apply to the ball. Using saliva will be treated the same way as any other unfair methods of changing the condition of the ball.

New Laws Not Adopted

Law 25.8 – Strikers Right to Play the Ball

Law 27.4 – Unfair Movement by Wicketkeeper

Law 28.6 – Unfair Movement by the Fielding Side
